NEW Coral Premium Classic Zester/Grater

Microplane® introduces Pantone's 2019 Color of the year - Living Coral - to its best-selling Premium Classic Zester/Grater which joins a growing palette of on-trend colors like Retro Green and Baby Blue.

Microplane's hand-held, rasp-style Premium Classic graters feature a soft-touch handle that's comfortable to hold and feels secure in the hand, even when wet. Non-slip rubber feet at the end of the blade add stability when grating vertically on a cutting board, counter, inside a plate, or bowl. High-performance Premium Classic graters feature Microplane's original and expertly crafted, etched stainless steel blades, which have razor-sharp edges that effortlessly cut through hard and soft foods without tearing or shredding. The highly versatile tool is ideal for quickly and easily creating flavorful zest from all types of citrus peel without lifting off the fruit's bitter pith. Chefs and avid home cooks alike also reach for this tool to finely grate Parmesan and other hard cheeses, as well as garlic, shallots, ginger and chocolate for savory and sweet recipes.

Features:

- Ergonomic TPE soft grip handle
- TPE end pieces prevent surface-top scratching
- A kitchen essential for chefs
- Surgical grade stainless steel etched blades
- Reusable cover
- Dishwasher safe/Hand wash cover
- Blades made in USA
