

# Flexi Zesti™

The new Flexi Zesti from Microplane® is a compact, flexible zester that fits naturally into both the curve of your hand, and the rounded shape of lemons, limes, and other citrus fruit. Featuring Microplane's iconically ultra sharp, photo etched blade technology, the Flexi Zesti creates flavorful and aromatic zest quickly and effortlessly from the peel of citrus fruit without removing the bitter white pith. The Flexi Zesti is designed with a built-in chamber to conveniently capture and store fresh zest. To retrieve the zest, simply pull off the silicone top and turn the tool upside down. Styled in crisp white with a choice of orange, green and yellow accents. Flexi Zesti comes in one countertop display with all three color options.

## Features:

- Silicone top flexes, adapting to various citrus shapes and sizes
- Ergonomic profile rests in palm providing more control
- Enclosed dish collects zest that falls from the blade
- Microplane blade quickly and easily zests citrus
- Dishwasher safe
- Blade made in USA
- Patent Pending
